

Add or Edit Services

Overview:

The "Services Setup" module allows users to create and manage services offered by the clinic or doctor. Users can define the service name, set the service amount, specify the duration, and choose to activate or deactivate the service.

1. Access "Services Setup":

- Navigate to the "Services Setup" module to create or manage services.

2. Add New Service:

- Click on "Add New Service" to initiate the setup process.

The screenshot displays the 'Add Service' form in the SaleRise application. The sidebar on the left shows the 'Service' module selected. The main content area is divided into two sections: a table of existing services and a form for adding a new service. The table lists services like Root Canal, Extraction, Teeth Whitening, Crown, Dentures, and Veneer, each with a delete icon. The form fields include 'Service Name *', 'Amount *', 'Duration (in minutes)', and an 'Active' toggle switch. At the bottom right, there are 'CANCEL' and 'SAVE' buttons.

3. Service Details:

- Fill in the details for the new service.
 - **Service Name:** Provide a descriptive name for the service.
 - **Amount:** Specify the cost or amount associated with the service.
 - **Duration:** Define the time duration of the service (e.g., 30 minutes, 1 hour).
 - **Active/Deactivate:** Choose to activate or deactivate the service.

4. Save Service Details:

- Click "Save" to confirm the details of the new service.

5. Edit Service Details:

- Click on the edit button to modify service information.
