3.2 Edit Categories Overview

In the "Edit Categories" section, seamlessly refine and organize your restaurant's menu by editing or deleting existing categories. This feature provides users with the flexibility to adapt to changing menu structures and maintain an up-to-date and well-curated selection.

View Existing Categories:

- Access the "Categories Management" page to see a comprehensive list of all existing categories.
- Click on the edit button next to a category to modify its details.

The screenshot shows the SaleRise interface for managing menu categories. The left sidebar contains navigation options: Sites, Services, Food Ordering, Restaurant Info, Locations, Menu Items, Taxes, Payments, Active Orders, Manage Orders, and Appointment. The main content area is titled "Food Ordering / Menu Items / Menu Items". It features a "Menu Items" list on the left and a "Manage Category or Item" panel on the right. The "Menu Items" list shows categories like Burgers, Pizza, and Snacks, each with a list of items. The "Manage Category or Item" panel displays a modal dialog titled "What do you wish to do?" with three buttons: "ADD NEW CATEGORY", "ADD NEW ITEM", and "EDIT OR DELETE CATEGORY". A red box highlights the "EDIT OR DELETE CATEGORY" button, with a red arrow pointing to it and the text "Edit Category" below.

Edit Categories:

- **Category Name:** Update the category name for clarity.
- **Page Slug:** Adjust the URL slug for improved user experience.
- **Image for Category:** Replace or update the category image.
