General Info

1.1 General Overview

In the "General" section, define your restaurant's identity with essential details like the name, cuisine type, and a brief description. Share an admin email for communication, setting the stage for an accurate and engaging online presence.

Restaurant Name:

Specify the official name of your restaurant. This is the primary identifier for your establishment.

Cuisine Type:

Indicate the type of cuisine your restaurant specializes in. Whether it's Italian, Mexican, or a fusion of flavors, this helps set expectations for your customers.

Description:

Provide a brief but compelling description of your restaurant. Highlight key features, specialties, or the ambiance to give customers a glimpse of what to expect.

Admin Email:

Enter the email address that will serve as the primary contact for administrative purposes. This email will receive notifications, updates, and inquiries related to the ordering system.

Response Time:

Set the expected response time for customer inquiries. This helps manage customer expectations regarding when they can anticipate a reply from your restaurant.
