How to Add Button to Your Page ?

Through this document , you will uncover the 'Button' feature properties in site editor page through these key elements:

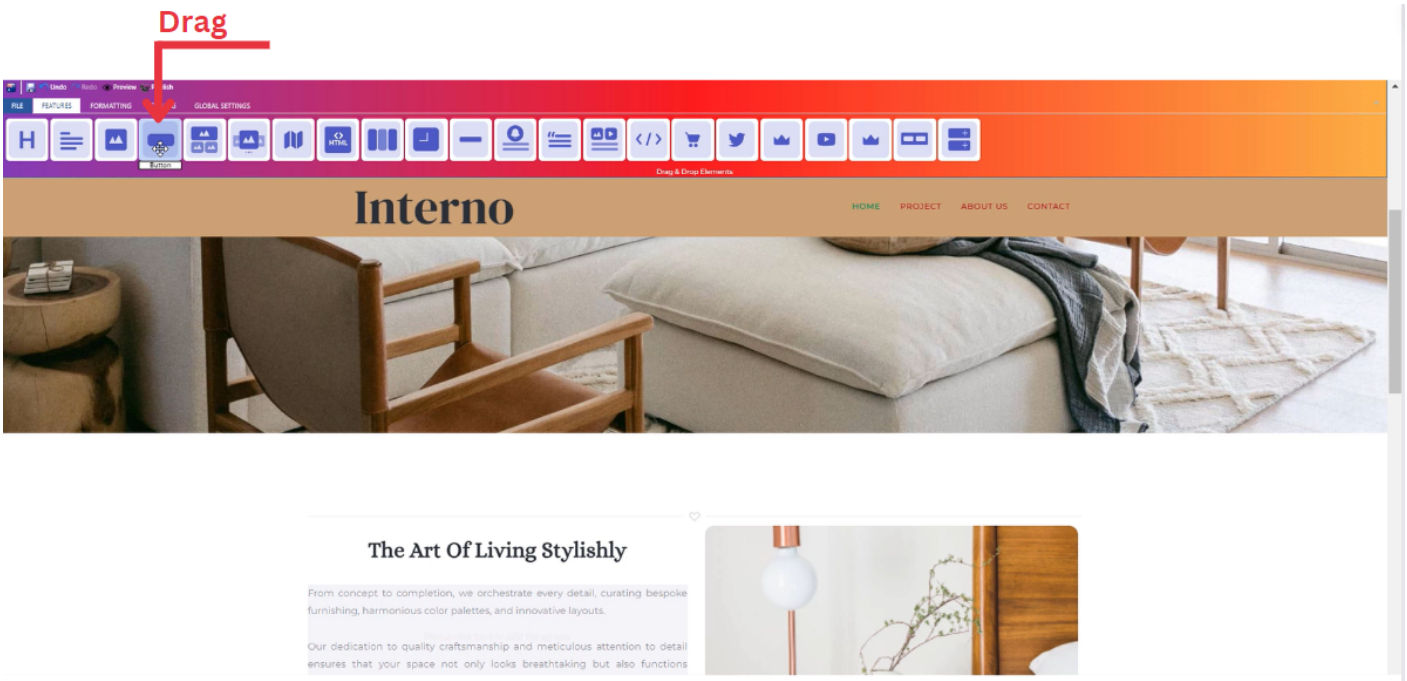

1. Adding a Button

2. Feature Settings Window

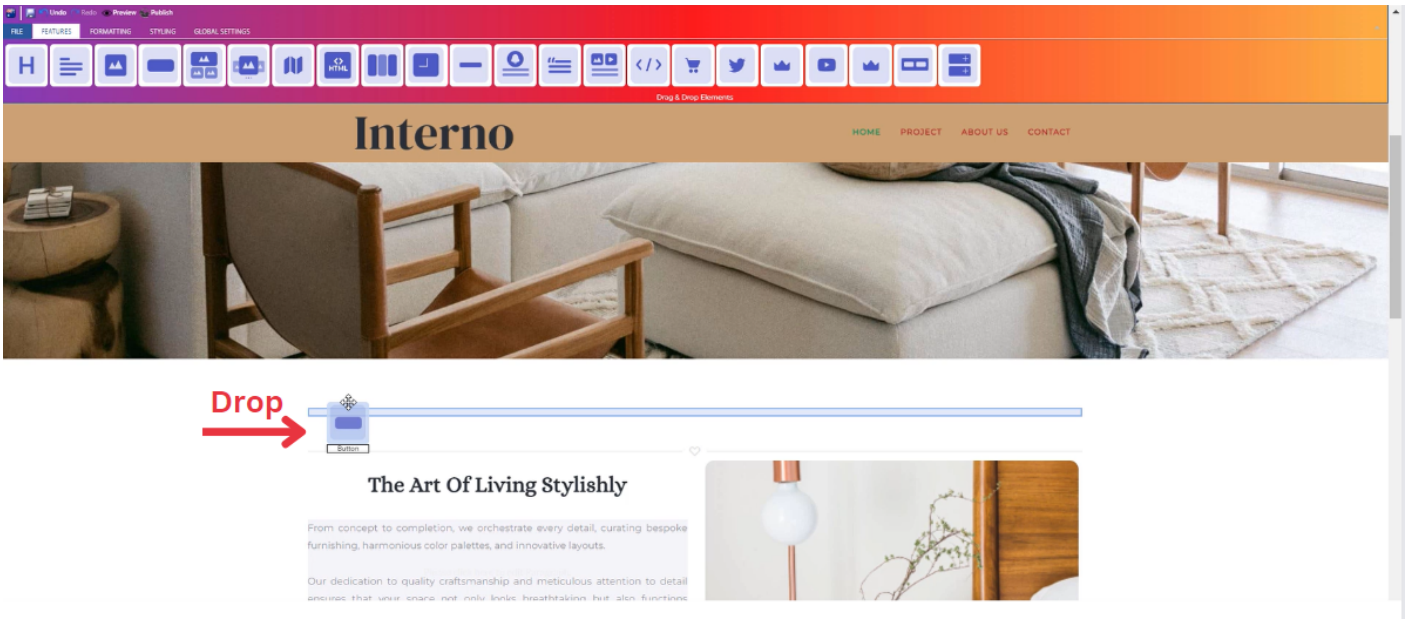

3. Style Settings Window

Adding a Button

- Drag the Button icon from the available features

- Drop the Heading icon into the desired location on your website page

Feature Settings

Upon dropping the button, a settings window will appear, offering four main features:

- **Theme**
  - Explore different themes for your button to align with your website's aesthetic.

Style Settings

Design Features

- Access the "Design" feature to customize your button appearance. Within this feature, you can determine the following properties:
  - **Margin**: Set the spacing around your button to control its placement on the page.
  - **Border**: Define a border for your button to add a distinct visual element.
  - **Color**: Choose the color that best complements your website's theme or design.
  - **Style**: Apply different styles to your button, enhancing its visual appeal.
  - **Gradient**: Add gradient effects to your button for a more dynamic and modern look.

Background Features

- Navigate to the "Background" feature to enhance the backdrop of your button.

  - **Upload Images**: Insert images as a background for your button, providing visual interest.
  - **Sample Images**: Explore pre-loaded image samples for quick and easy background selection.
  - **Background Styling**: Customize the button background further with options like:
    - Background Repeat: Control how the background image repeats.
    - Background Fill: Adjust how the background fills the space around the button.
    - Background Position: Define the positioning of the background image for optimal display.

Style Customization

- Within the "Style" section, further refine your button presentation by adding classes from a dropdown list with a plethora of options.
- Determine how your button is visible on devices (Mobile , Tablet , Desktop , Large desktop).
