# Style Settings

## Design Features

- Access the "Design" feature to customize your contact form appearance. Within this feature, you can determine the following properties:
  - **Margin:** Set the spacing around your contact form to control its placement on the page.
  - **Border:** Define a border for your contact form to add a distinct visual element.
  - **Color:** Choose the color that best complements your website's theme or design.

- **Style:** Apply different styles to your contact form, enhancing its visual appeal.
- **Gradient:** Add gradient effects to your contact form for a more dynamic and modern look.

## Background Features

- Navigate to the "Background" feature to enhance the backdrop of your contact form.
  - **Upload Images:** Insert images as a background for your contact form, providing visual interest.
  - **Sample Images:** Explore pre-loaded image samples for quick and easy background selection.
  - **Background Styling:** Customize the contact form background further with options like:
    - Background Repeat: Control how the background image repeats.
    - Background Fill: Adjust how the background fills the space around the contact form.
    - Background Position: Define the positioning of the background image for optimal display.

## Style Customization

- Within the "Style" section, further refine your contact form presentation by adding classes from a dropdown list with a plethora of options.
- Determine how your contact form are visible on devices (Mobile , Tablet , Desktop , Large desktop).
