## Design Features

- Access the "Design" feature to customize your gallery appearance. Within this feature, you can determine the following properties:
  - **Margin:** Set the spacing around your gallery to control its placement on the page.
  - **Border:** Define a border for your gallery to add a distinct visual element.
  - **Color:** Choose the color that best complements your website's theme or design.
  - **Style:** Apply different styles to your gallery, enhancing its visual appeal.
  - **Gradient:** Add gradient effects to your gallery for a more dynamic and modern look.

## Background Features

- Navigate to the "Background" feature to enhance the backdrop of your gallery.
  - **Upload Images:** Insert images as a background for your gallery, providing visual interest.

- **Sample Images:** Explore pre-loaded image samples for quick and easy background selection.
- **Background Styling:** Customize the gallery background further with options like:
  - Background Repeat: Control how the background image repeats.
  - Background Fill: Adjust how the background fills the space around the gallery.
  - Background Position: Define the positioning of the background image for optimal display.

## Style Customization

- Within the "Style" section, further refine your button presentation by adding classes from a dropdown list with a plethora of options.
- Determine how your gallery is visible on devices (Mobile , Tablet , Desktop , Large desktop).
