

How to Add Heading to Your Page ?

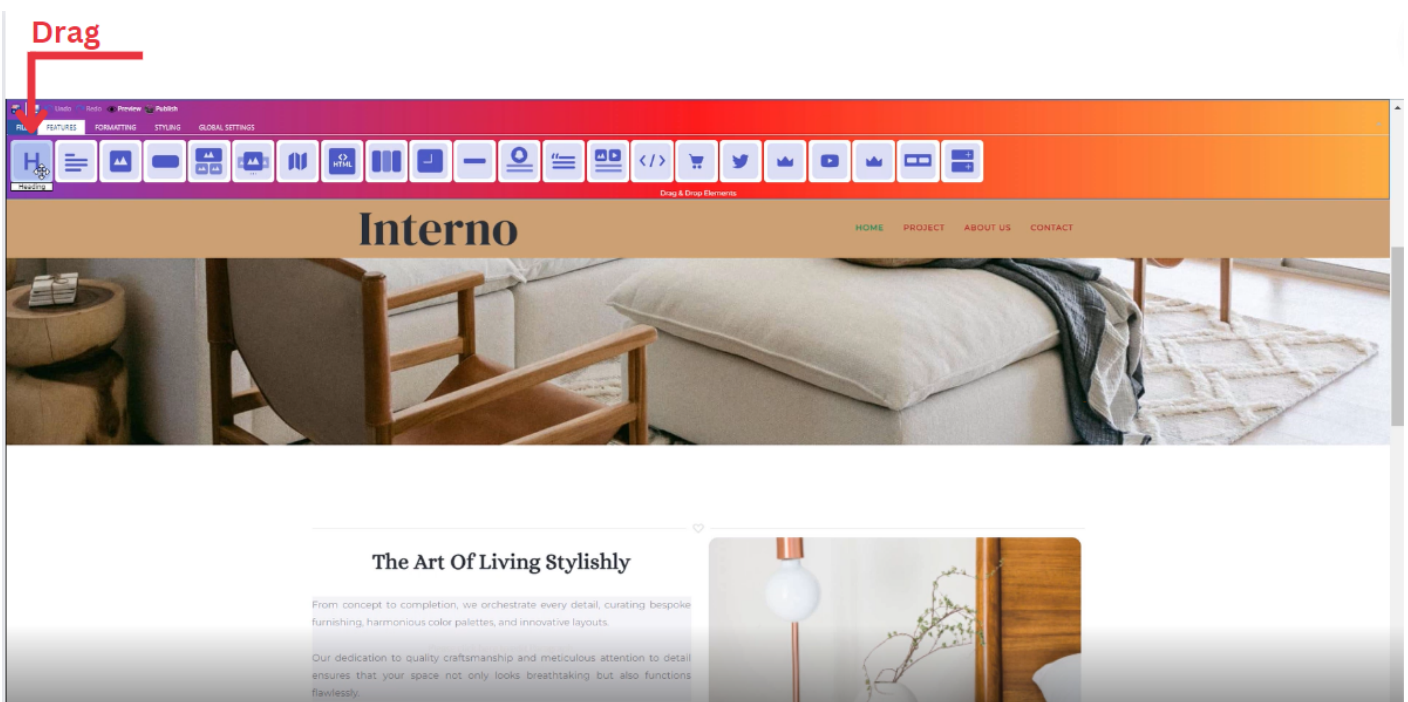

Through this document , you will uncover the 'Heading' feature properties in site editor page through two key elements:

1. Adding a Heading

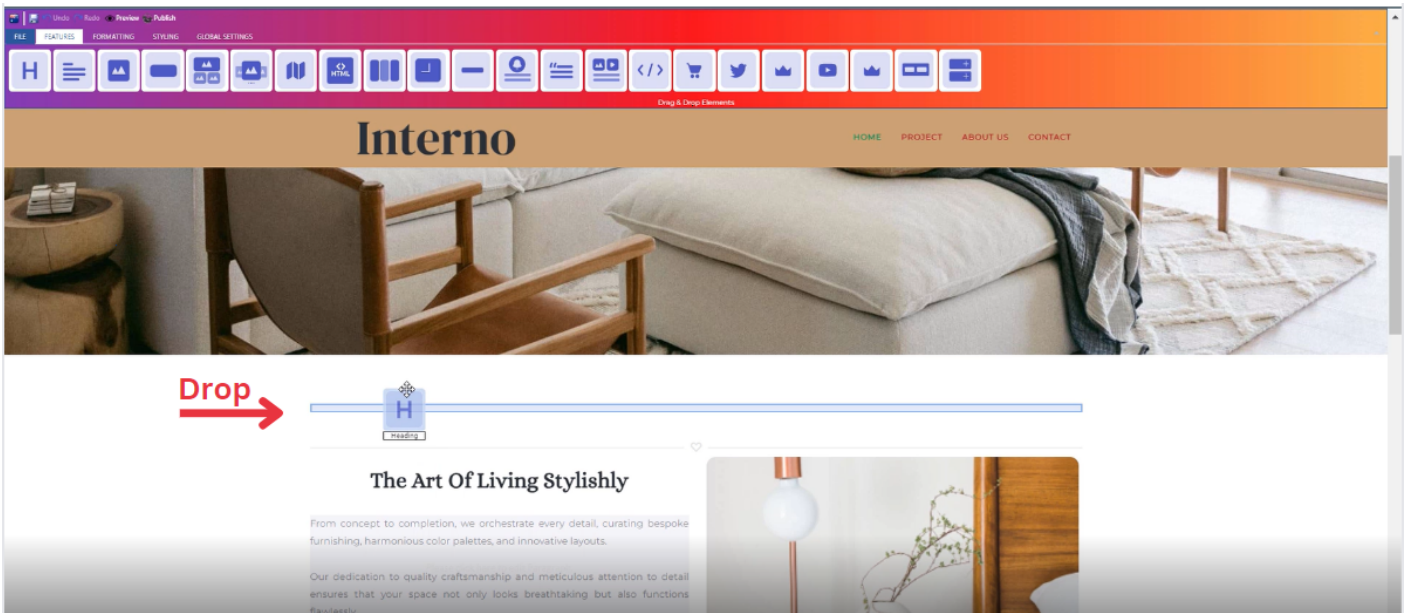

2. Feature Settings Window

Adding a Heading

- Drag the Heading icon from the available features

- Drop the Heading icon into the desired location on your website page

Feature Settings Window

Upon dropping the heading, a settings window will appear, offering four main features:

- **Theme**

- Explore different themes for your heading to align with your website's aesthetic
