

How to Add Testimonial to Your Page ?

Through this document , you will uncover the 'Testimonial' feature properties in site editor page through these key elements:

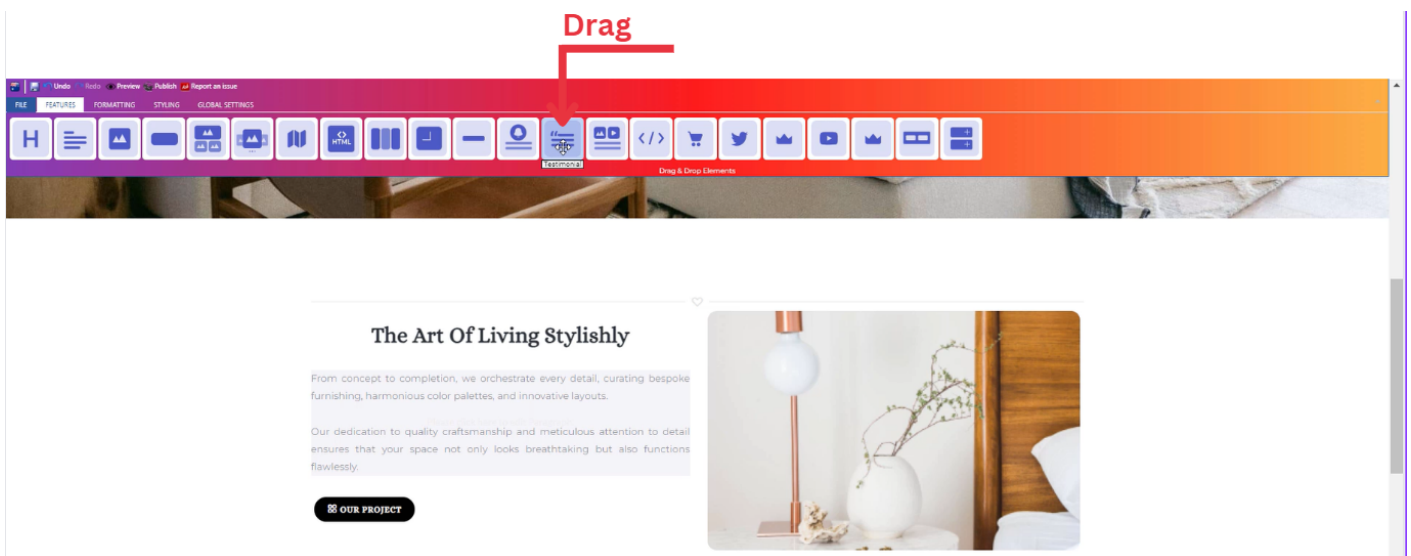

1. Adding a Testimonial

2. Feature Settings Window

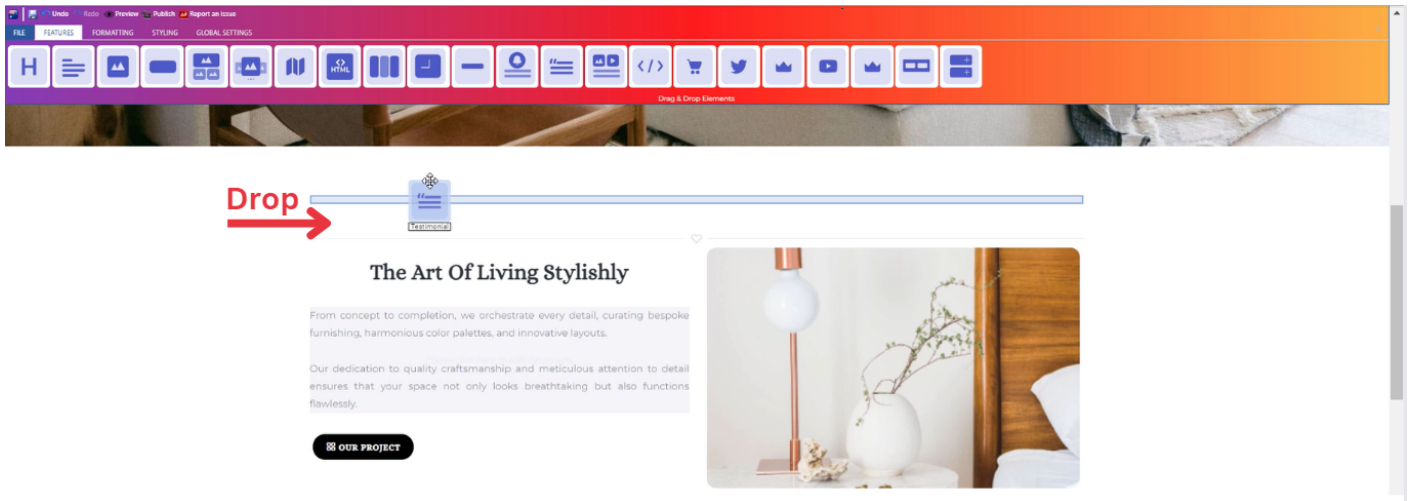

3. Style Settings Window

Adding a Testimonial

- Drag the testimonial icon from the available features

- Drop the testimonial icon into the desired location on your website page

Feature Settings

Upon dropping the testimonial, a settings window will appear, offering four main features:

- **Images**
 - Include images for your testimonial on your website by choosing from three options: select from your uploaded images, use sample images from the website, or upload new images.

- **Design**
 - Select your texts font type from a long list of options.
 - Determine different design features of your testimonial (Margin , Padding , Border , Color , Style , Font)

- **Animations**

- Add animation to your person name and description from a long list of animation options.
- Enhance your animated texts by incorporating timing in seconds.

Style Settings

Design Features

- Access the "Design" feature to customize your testimonial appearance. Within this feature, you can determine the following properties:
 - **Margin:** Set the spacing around your testimonial to control its placement on the page.
 - **Border:** Define a border for your testimonial to add a distinct visual element.
 - **Color:** Choose the color that best complements your website's theme or design.
 - **Style:** Apply different styles to your testimonial, enhancing its visual appeal.
 - **Gradient:** Add gradient effects to your testimonial for a more dynamic and modern look.

Background Features

- Navigate to the "Background" feature to enhance the backdrop of your testimonial.
 - **Upload Images:** Insert images as a background for your testimonial, providing visual interest.
 - **Sample Images:** Explore pre-loaded image samples for quick and easy background selection.
 - **Background Styling:** Customize the testimonial background further with options like:
 - Background Repeat: Control how the background image repeats.
 - Background Fill: Adjust how the background fills the space around the testimonial.
 - Background Position: Define the positioning of the background image for optimal display.

Style Customization

- Within the "Style" section, further refine your testimonial presentation by adding classes from a dropdown list with a plethora of options.
- Determine how your testimonial is visible on devices (Mobile , Tablet , Desktop , Large desktop).
