

# How to Add Video to Your Page ?

Through this document , you will uncover the 'Video' feature properties in site editor page .

Vimeo

YouTube

Daily Motion

HTML 5 Video

Sound Cloud

## Vimeo

### Feature Settings

Upon dropping the Vimeo icon , a settings window will appear, offering three main features:

<https://www.youtube.com/embed/VIqyPWlecuY?feature=shared>

- **Settings**

- Add your video link
  - Determine how your video is visible on devices (Mobile , Tablet , Desktop , Large desktop).
- 

- **Video**

- Include videos on your website by choosing from two options: select from your uploaded videos or upload new videos
- 

- **Animations**

- Add animation to your video box from a long list of animation options.

- Enhance your animated video box by incorporating timing in seconds.

## Style Settings

### Design Features

- Access the "Design" feature to customize your video box appearance. Within this feature, you can determine the following properties:
  - **Margin:** Set the spacing around your video box to control its placement on the page.
  - **Border:** Define a border for your video box to add a distinct visual element.
  - **Color:** Choose the color that best complements your website's theme or design.
  - **Style:** Apply different styles to your video box, enhancing its visual appeal.
  - **Gradient:** Add gradient effects to your video box for a more dynamic and modern look.

### Background Features

- Navigate to the "Background" feature to enhance the backdrop of your video box.
  - **Upload Images:** Insert images as a background for your video box, providing visual interest.
  - **Sample Images:** Explore pre-loaded image samples for quick and easy background selection.
  - **Background Styling:** Customize the video box background further with options like:
    - Background Repeat: Control how the background image repeats.
    - Background Fill: Adjust how the background fills the space around the video box.
    - Background Position: Define the positioning of the background image for optimal display.

### Style Customization

- Within the "Style" section, further refine your video box presentation by adding classes from a dropdown list with a plethora of options.
- Determine how your video box are visible on devices (Mobile , Tablet , Desktop , Large desktop).
